

### Reproduction Rama Raspberry Bon-Bons:

Print 'Actual Size' on standard white printer paper for best results. Cut around the outside edge of both the top and bottom labels. Affix labels to an empty *Laughing Cow Cheese* container that has had its labels removed by using a glue stick to cover the entire top and bottom. Fill with cherry candies. When complete, cut a strip of white paper (not included here) and glue around the outside of the carton to act as a seal. Finished product should look similar to this once complete:

Labels are not to be reproduced and sold.
